Thanks for your note Ed, Jeff was a great guy.

I am out of the country on business this week. I'll be in the office after Monday (8/21). Is there a convenient time for me to call you next week?

Dave.

Good Morning Dave

I am so sorry for the tragic loss of your colleague and friend. My heart sank when I first heard about the sudden passing of a Costco executive. I pulled over to the side of the road to Goggle the news. Jeff and his family and his Costco family are in my prayers.

When you are ready, please contact me to discuss the most recent application results for the Martin location. I have some additional details to share with you.

Warm regards

Ed

Thanks for your note Ed and thanks again for your visit. It was educational for me.

Yesterday was my first day back in the office after being on vacation for two weeks. I haven't had a chance to do much. I'll be back to you shortly.

Dave.

Good Afternoon Dave

I hope you are back from a great vacation with your family. I wanted to first thank you for a very constructive meeting you and I had on the 22nd of June and to also follow up with you on if there was any further information you might have needed from me. I have been cautiously optimistic that we might have the opportunity to move forward with the mutually beneficial alternative option I presented to you.

At your convenience, please let me know what the next steps might be in this process.

Again my thanks for our meeting.

Ed
